e. Other: CHSRA Acton-Agua Dulce Community Working Group meeting report: March 7, 2015: George Andrews from Assemblyman Lackey's office. He was an aide in Hanford when CHSR was started. Most annoying is the CHSRA is disrespectful to home and land owners. CHSR reps did not detailed routes prior to meeting to review. Seemed to be giving lip service. Planning code has not been updated since 1974. For details: http://planning.lacounty.gov/tu Agua Dulce CSD technical update amendments. Not a lot of changes for ADCSD because it was recently reviewed and		

updated. Final review to RPC on April 22, 2015. Animal Facility Draft Ordinance will be sent for our review. Regional Planning staff will be available to discuss if needed.		
b. Action to Approve Proposed Bylaw, Election Procedures, and Election Timeline amendments relating to Election Procedures for unopposed candidates announced and posted February 11, 2015		
i. Bylaws: Article 7: Elections and Installations		
ii. Election Procedures: Section VIII: Application for Council Candidacy, C. Candidates vs. Number of Seats		
iii. Election Timeline: 10 days prior to a Regular Election		
Election Committee held a special meeting and objected to proposed changes. Judy Bartlett of Committee read their comments: They state changes are detrimental to democratic process. Community will be less connected to ADTC. Concerns of multiple special elections. They feel the Council has taken domain over the Election Committee and taken decision making away from them. They also feel Council members SHOULD be required to remain seated until Special Elections are concluded. DH: Purpose of changes is to streamline...not to step on the Committee's toes. MJ: When there is no opposition, an election will not change the outcome. Some of the Election Committee did not agree with the objections raised. The Committee has concerns that there are not enough interested people to run for Council. Compliance with the Charter is required. SC: The Charter may need to be changed. LL: Multiple special elections...takes away control from the EC. Currently they think they have an option whether or not to hold elections or hold off for full slate of candidates. MJ: The Election Committee has never had an election without a full slate of candidates. LL: EC has discretion on the ability to hold an election LV: Candidates who file on time should not be penalized if they follow the rules. DH: There should be no discretion. Bylaws should state definitively. LL: You may run into quorum problems. The Council needs to be acutely aware of that issue. DH: Election Committee has concerns, so the Bylaws Committee needs to meet with the Election Committee to try to work out any concerns to come to a compromise.		
iv. MSP: Move to Table Proposed Amendments to Bylaws, Election Procedures, and Election Timeline relating to Election Procedures for unopposed candidates. Bylaws Committee to meet with Election Committee and report back.	M: MJ S: SC	5-0-0
c. Bylaws Review		
i. Term Limits: Members, Officers: SC: Purpose of term limits gives autonomy to ADTC. Each year in December we have an election of officers. Our current system is working. Voluntary officer rotation. We don't want to make it mandatory through a bylaws change.		
d. Student Representative(s)		
i. Purpose & Selection Process: SC Liability issue. EP should be included since the School Board uses a student rep. Offer a chance to parents for kids college application. Junior council member. Advisory role. Learning the civic process. Kids can research quicker and more efficiently then we can. MSP: Move to Table further discussion	M: MJ S: LV	5-0-0
