1. Call to order
2. Roll Call
3. **Approval of Agenda**
4. **Discussion/Presentation:**

**A. The North County Solid Waste Collection Services Draft EIR is Available for Comment (Formerly known as GDD-Garbage Disposal District)**

**Proposed Project:** The proposed project would implement organic waste collection and diversion services and expand recycling services in the project area. If the project is approved, Public Works would issue a revised solicitation for waste hauler to provide services to the Acton/Agua Dulce area. Under the proposed franchise contracts, selected waste haulers would provide source-separated collection of three waste streams (refuse, recyclables, and organic waste including manure) for all residential and commercial customers. The selected waste haulers would also provide illegal dumping pickup services with the public right of way and bulky item pickup upon request. This project would support the County's compliance with statewide targets set forth in Senate Bill (SB) 1383 pertaining to the diversion of organic waste from landfills. This project will affect ALL residents in Agua Dulce! Be informed!
